What Makes Nuance Audio Hearing Glasses Unique

INVISIBLE HEARING AID

Break the stigma with discreet, stylish glasses that seamlessly integrate vision and hearing support.

OPEN-EAR COMFORT

Lightweight, open-ear speakers offer all-day comfort and avoid pain or irritation often caused by traditional hearing aids.

ALL-IN-ONE SOLUTION

A comprehensive solution addressing both vision and hearing needs in one elegant device.

DIRECTIONAL AMPLIFICATION

Enhance speech clarity in noisy environments with directional microphones & beamforming.

EASY TO USE

Simple to set up on your own with a user-friendly design that does not require audiologist assistance.

LENSES

Nuance Audio Glasses are best paired with Transitions® lenses for seamless hearing and sight from day to night.

Available in non-prescription lenses in Grey and Emerald at purchase, and in a wide color range for prescription lenses on demand.
