

NEW! Crizal Product Launch Announcement

Essilor is proud to announce the launch of the three innovations in no-glare coatings - **Crizal® Sapphire™HR**, **Crizal® EasyPRO**, and **Crizal® Easy No-Glare lenses on October 4, 2022 (in Rx and FSV stock lenses)**.

**Crizal®
Sapphire™_{HR}**

NEW Crizal Sapphire HR is an upgrade from Crizal Sapphire™ 360° UV™ No-Glare lenses and offers improved protection against scratches and smudges while maintaining the same level of transparency. **Crizal Sapphire HR** will be the best anti-reflective coating overall* powered by unique technologies:

- Multi-Angular Technology™ provides best in class transparency, reducing glare not only in front of the lens, but at + / - 45 degrees on the sides of the lens as well. This ensures that wearers receive protection from glare at all angles.
- High Resistance technology™ is a combination of four specific oxides, known to resist scratches, dust, and dirt.
- High Surface Density Process™ is a nano-layer of fluorinated molecules that provides highly effective smudge resistance property making the lens much easier to clean, plus anti-static property to repel dust.

**Crizal®
Easy^{Pro}**

NEW Crizal Easy^{PRO} is an upgrade from Crizal Alizé™ No-Glare lenses and offers improved ease of cleaning by utilizing the patented **High Surface Density Process™** and an added **Anti-Particulate layer** that makes these lenses easier to clean and keeps them cleaner longer.

**Crizal®
Easy**

NEW Crizal Easy is an upgrade from **Crizal Easy UV™** No-Glare lenses and offers easier cleaning with an improved topcoat.

Please Note: Although the “UV” from the names of the products has been removed, ALL Crizal products have backside UV protection with E-SPF 35.

Meet The People Who Make Up the Interstate Team!

Brian Bazley has been with Interstate Lab Group for over six and half years in our Mansfield facility. He is part of our building maintenance team and oversees the safety and maintenance of our facility.

In his free time, Brian enjoys sailing in the summer and ice sailing in the winter and spending time with his grandchildren. He also works with Search & Rescue in Ohio. An interesting fact about Brian, he says that he sees “dead people”!

We are happy to have Brian as a valued member of the Interstate Team!
